

WASHROOM SERVICES

We offer a complete choice of washroom services delivering superior hygiene and helping to create a positive environment in the workplace for your staff, visitors and customers. Professionally trained and CRB checked operatives ensure Trust Hygiene leads the way in providing a friendly, reliable and flexible washroom service.

- We understand the image of your business relies on excellent standards of hygiene
- Using our extensive range of hand picked equipment and solutions Trust Hygiene can improve the image of your business.
- From sanitary disposal, automatic air fresheners, urinal sanitisers to water management and hand drying solutions we have a range to suit your business
- Our diverse customer base means whether you are from the healthcare sector or the education or commercial sector we can find the right washroom service for you.
- Trust Hygiene has a team of friendly, experienced female service operatives who will get to know your business and deliver the best service available.
- Using the latest in computer technology our operatives have access to an electronic site plan/location map and live time information to provide the best service to your business. Our paperless approach also helps your business reduce the impact on the environment while delivering instantaneous live data so our clients can relax knowing we have completed our service on time and to the required standard. This helps us provide a better service to our clients and proactively handle any problems.
- Our field based experts will ensure you have the right image for employees and visitors alike.
- Discreet and customised service to ensure minimal disruption and total flexibility

Automatic Air Fresheners

Remove odours and provide a pleasant fragrance for visitors and staff, automatically

Sanitary Disposal Units

discreet service with a range of units to suit your business. An essential service for any business with female washroom facilities.

Urinal Sanitisers

Remove uric salts and odour build up within washroom pipework.

Water Manager

Save up to 70% on current water usage.

Hand Dryers

Dry hands in seconds using our hand dryers with low energy consumption and create a positive image in your washroom facilities

Soap Systems

The latest range of automatic or manual dispensers and soap to deliver the best standards of hygiene in your business

Nappy Disposal

A convenient and cost effective solution for nappy waste that requires alternative disposal away from the municipal waste stream (black bag)
